Charger Metals NL (**CHR or the Company**) acknowledges and emphasises the importance of all Directors, senior executives and employees maintaining the highest standards of corporate governance practice. The Company's practices are largely consistent with the CGC Recommendations, and the Board has made appropriate statements reporting on the adoption of the CGC Recommendations. Where the Company's corporate governance practices depart from the practices in the CGC Recommendations, the Board has disclosed this departure and the reasons for the adoption of the Company practices as they stand, in compliance with the "if not, why not" principle, and these are summarised in the Appendix 4G and this Corporate Governance Statement.

A copy of the Company's Charter documents and other documents referred to below are contained on the Company's website at: [Corporate Governance - Charger Metals NL](#).

Set out below are the principles and recommendations contained in the CGC Recommendations and a discussion on how they have been implemented by the Company during the year ended 30 June 2024.

The Board has delegated to the Managing Director the day to day responsibility for running the Company and for the implementation of the policies and strategies established by the Board. The Board also delegates to senior management the responsibilities for the day to day activities required, within their designated areas of control, in order for the Company to achieve its strategic objectives.

Recommendation 1.2: A listed entity should undertake:

- (a) appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and***
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.***

Given the present size of the Company, it has not formed a separate Nomination Committee. Instead this function is undertaken by the full Board in accordance with the policies and procedures outlined in the Board and Nomination Committee Charters. The Company also has a procedure guideline for the selection and appointment of Directors.

In its evaluation of candidates for the Board, the Committee will have regard to normally accepted nomination criteria including: -

The Board is responsible for monitoring Company performance in meeting diversity requirements, including the achievement of diversity objectives.

At an appropriate time in the future when the Company is of sufficient size and scale, the Board will determine appropriate measurable objectives for achieving gender diversity. Given the current small number of employees in the Company workforce and the short time since the Company was incorporated, the Board has determined that it is not currently practicable to implement these measurable objectives. The Company does however ensure equal opportunities in the hiring, training and career advancement of directors, officers and employees.

The Company and its consolidated entities has three (3) female employee/consultants:

Following a review of the Board composition at that time the Board appointed existing Non-Executive Director Mr Adrian Griffin to the position of Non-Executive Chairman, replacing Mr Terry Gardiner who remained on the Board as Non-Executive Director. operate as part of a team, the ability to contribute outstanding performance and have a track record of impeccable ethics and values. The Board seeks to have a mix of age, skills, knowledge, experience and expertise in its ranks. The current mix of skills and experience on the Board is disclosed in the skills matrix as follows:

The criteria used by the Company in assessing independence of its Board members is disclosed in this Corporate Governance Statement and the Board Charter.

The Board currently consists of one executive director being the Managing Director and two non-executive directors (including the Chairman). The Board considers that one of the non-executive directors (Terry Gardiner) is independent.

It is considered that as the Board evolves and the size of the Company grows it is likely that with new appointments this mix will change and independence will be a significant factor in the criteria for future appointments.

Recommendation 2.5: The Chair of the Board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.

The Non-Executive Chairman, Mr Adrian Griffin, is not considered an independent director however the Board believes he brings independent, objective judgment to the deliberations of the Board.
